CIE Special Newsletter: Events

Dear Colleagues, we have prepared this special newsletter for you to keep you updated with upcoming CIE events and to invite you to make extensive use of this offer.

The upcoming Training on Metrology of LEDs and LED Modules will take place on November 23, 2011 between 09:00am and 05:00pm in Vienna at the Central Bureau and will be chaired by Prof. Dr. Janos Schanda.

The lectures will be accompanied by demonstrations and hands-on experiments. To register for real-life participation click this link, for the live streaming facility use that link. Please, note: places are limited and will be assigned on a first come, first serve basis. Registration for both, real-life and live streaming, is still open till October 25, 2011.

Price: EUR 800,-- + 20% VAT. (On discounts for students and corporate packages for companies please contact the CIE Central Bureau at ciecb@cie.co.at).

The CIE Introductory Tutorial and Workshop on Mesopic Photometry will provide you with the opportunity to get acquainted with the CIE System for Mesopic Photometry and to discuss issues related to its practical implementation. The programme will include lectures by the world's leading experts in mesopic photometry, as well as providing plenty of opportunity to exchange and discuss the latest experimental studies and other associated research relating to mesopic photometry in road and street lighting, mesopic measurement instrumentation, and product specification for mesopic applications. For a programme outline click here.

The event will take place at the Central Bureau in Vienna on January 24 and 25, 2012 and registration will open on October 15, 2011. We will again offer real-life participation and live streaming.

Price:
Tutorial: EUR 550,--/Workshop: EUR 150,--/Both: 650,--
Students: EUR 275,--/EUR 75,--/EUR 300,--
Members of CIE National Committees: EUR 400.--/EUR 100.--/EUR 450.--
(Note that all prices are subject to 20% VAT)

In addition, CIE 191:2010 Recommended System for Mesopic Photometry Based on Visual Performance will be available for participants at CIE membership price (66.7% discount from list price) and a recorded and edited summary version of the meeting will be provided for download.

Places are limited and will be assigned on a first come, first serve basis. You are welcome to register till December 19th, 2011. Please, check the CIE Website for updates!

CIE is proud to announce the follow-up event to the successful CIE 2010 (held in Vienna), which will take place in Hangzhou, China, in September 2012. The conference will be co-organised by the CIE and the CIES, the Chinese Illumination Engineering Society, which is CIE’s National Committee in China. Conference Presidency will be shared by CIE President, Dr Ann Webb and CIES Chairman Prof Wang Jinsui who cordially invite you to join CIE in Hangzhou next year. In the invitation letter of the conference presidents you will find an overview on what CIE 2012 has to offer you.

The conference website as well as the abstract submission system will go life as of October 30, 2011. Abstract Submission will end on March 15, 2012. The List of Topics can be found here.

Your colourful week in Hangzhou will be rounded off by a four-day Lecture on Photometry, Colorimetry, Metrology and Standards for SSL and LED Lighting between September 15-18, 2012 (Saturday-Tuesday), hosted by the Colour Institute of the Zhejiang University, Hangzhou and organised by CIE and CIES. These CIE Lectures are intended to provide the most up-to-date knowledge in the field of colour and vision science and illuminating engineering. The first two sessions will cover the fundamentals of colour science and recent developments in CIE Division 1 (Vision and Colour). The last two sessions will include metrology, applications, and standards for SSL and LED lighting. The lectures will be given by world leading experts: Ming Ronnier Luo, Yoshi Ohno, Michael Pointer and Janos Schanda.
